EDUCATION

Alagappa University

Master's in Computer Application

Tirunelveli, Tamil Nadu

Jun 2024 – May 2026

Sadakathullah Appa College

B.Sc in Computer Science CGPA: 8.2 / 10

Tirunelveli, Tamil Nadu

Jun 2021 – May 2024

EXPERIENCE

Web Developer

Lumel

Sep 2024 – Present

Chennai, Tamil Nadu

- Developed and maintained full-stack web applications using React, Next.js, TypeScript, and Node.js, delivering scalable and high-performance solutions.
- Integrated REST APIs for seamless data flow between frontend and backend, ensuring dynamic and responsive interfaces.
- Built and managed custom backend features using Strapi and MySQL, optimizing data modeling and retrieval processes.
- Collaborated across teams to deploy features and fix issues, contributing to faster development cycles and cleaner codebases.

.NET Full Stack Developer

Fragua Technologies

Jul 2024 – Sep 2024

Tirunelveli, Tamil Nadu

- Developed and maintained web applications using AngularJS, C#, .NET, and MVC for dynamic and responsive user interfaces.
- Built RESTful APIs using .NET Web API to manage and process data, ensuring seamless communication between the front-end and back-end.
- Designed and implemented SQL Server databases to store, retrieve, and manage large datasets efficiently.
- Created and integrated multiple new screens into the existing application, enhancing user experience and overall functionality.

Web Developer Intern

Basket Hunt Pvt Ltd

Oct 2023 – Dec 2023

Sahibganj, Jharkhand

- Built and optimized web applications using React.js, focusing on creating engaging and interactive user interfaces.
- Engineered server-side logic with Node.js and handled data management using MongoDB to ensure robust and scalable application performance.
- Developed and implemented RESTful APIs within the React framework, enabling effective data exchange between client and server.
- Played a key role in real-time project development, collaborating with cross-functional teams to deliver innovative web solutions.

PROJECTS

Lumel Website, Lumel | *React, Next.js, TypeScript, Strapi, Node.js, MySQL*

Sep 2024 – Present

- Developed multiple dynamic pages and interactive forms for the Lumel website using Next.js and TypeScript, enhancing user engagement and experience.
- Fetches and displays dynamic content by integrating Strapi CMS and MySQL through well-structured REST APIs, ensuring data accuracy and performance.
- Leveraged Node.js for server-side logic and API management, optimizing backend workflows and data handling.
- Contributed to building a scalable, maintainable codebase that streamlined content updates and reduced development time for future enhancements.
- Project URL:** <https://nextjs-dev.lumel.com/>

- Contributed as a Full Stack Developer on the IHD project, a subsidiary of Hyundai specializing in fuel indicator manufacturing, using .NET, C#, Web API, AngularJS, and MS SQL Server.
- Played a key role in developing and enhancing software solutions across four modules: Inventory, CRM, HRMS, and Finance.
- Led the development of new screens within the Inventory module, improving user interaction and data management efficiency.
- Provided technical support and development across all modules, ensuring seamless integration and functionality for end-users.
- **Project URL:** <https://ihd.rednote.in/>

TECHNICAL SKILLS

Programming Languages:

- **Advance:** C#, PHP, TypeScript, JavaScript
- **Intermediate:** Java, Python
- **Novice:** C, C++

Frameworks:

- .NET, AngularJS, React, Next.js, Strapi, Node.js, UIKit

Tools:

- SVN, Git, Postman, WordPress, MS Visual Studio

Technologies:

- Microsoft SQL Server, MVC, AJAX, MySQL, HTML, CSS

Others:

- Problem Solving, Logical Thinking

CERTIFICATIONS

- Advanced Diploma in Java Programming
- Advanced Diploma in Python Programming
- Diploma in Web Designing

ACHIEVEMENTS

- Won 1st prize in intercollege debugging competition
- I've conquered 100+ challenging problems on LeetCode, honing my problem-solving abilities and coding skills.

AREAS OF INTEREST

- Software Development
- Web Development
